DETAILED ACTION

1. Applicant's election without traverse of Group I in the communication filed 11-24-2003 is acknowledged. The examiner further acknowledges cancellation of claims 18-25.

2. The abstract of the disclosure is objected to because the abstract is too long. Correction is required. See MPEP § 608.01(b). Applicant is reminded that the abstract is a short, concise statement describing the claimed invention and should be between 100-250 words in a single paragraph on a separate sheet following the claims.

3. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

4. Claims 1-7, 9, 12-17 and 26 rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1-7, 9, 11-16 and 25 of prior U.S.

Patent No. 6,376,148. This is a double patenting rejection.

5. Claim 8 and 10-11 are objected to as being dependent upon a rejected base claim.
6. Claims 8, 10-11 and 27-29 are free of the prior art because the prior fails to teach or suggest solid free form fabrication method for making multi-material 3-dimensional objections from successive layers of powders.
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Lechert Jr. whose telephone number is 703-305-6156. The examiner can normally be reached on 9:30-6:00.
